

Wordly Wise 3000 Vocabulary Poster Assignment

Each student will be assigned ONE word from the word list. S/he will then need to create a poster for the word that contains the following:

- *The word written clearly and spelled correctly
- *The part of speech and definition
- *A picture/diagram/image that helps people understand the word
- *A sentence that uses the word correctly that goes with the picture/image/diagram (not the same sentence from the book)

All posters need to be in INK (preferably color) and there should not be any pencil showing! These should be “hang on the wall” quality!

Posters will be presented at school on Tuesday.
